

## Travelling Trainers: Delivered to Your Site

Child Care Network staff is available to come to your child care site to work with you to enhance the quality of your early childhood program. Whether you work in a center or home based program, you are eligible to request a free visit to your site. Time frames are from a single one-hour visit to more long term sessions over a period of time, based on your needs. We can work on any topic that you think would help make your program even better for children and their families.

If you would like to work together on any of the following topics, or any other topic of your choice, please call Pam or Sue K at 798-7972 to set up an appointment.
