

Nursery Rhymes and Baby Songs: Back to the Basics

Presenter: Pam Conine, Infant Toddler Specialist, Child Care Network
This same workshop will be offered on two different dates at the same location.

When: Wednesday, August 14, 2019 6:00-8:00

OR

When: Thursday, September 19, 2019 6:00-8:00

Where: *both are at 37 Everts Avenue, Queensbury*

This workshop is in response to a request for music and movement for infants and toddlers. Bring your favorite childhood nursery rhyme or baby song and we will share so that all participants have a new repertoire of songs to choose from. We will discuss the importance of these seemingly simple additions to a child's world, what we are missing when we don't include them daily and the important role they play in relationship building. Add in a wonderful generational connection and these simple early childhood tools can leave a lasting legacy of connection. Bring lots of paper and a pen to this one and leave with a whole lot to add to your early care and learning toolbox!

Please Note: Pre-register for this FREE workshop by calling the Child Care Network @ (518)798-7972. Space is limited so two people from each center can be registered for each of these dates. Be sure to let us know which location and date you are registering for.
